*circular solutions*

The B Circular Range is a testament of Berry's customer promise and our ongoing commitment to delivering sustainable solutions supporting your goals.

- Recycled Plastic**  
Products that are manufactured using recycled content that can range up to 100% recycled plastic.
- Reuse/Refill**  
Refillable solutions increase the reusability of our products.
- Renewable**  
In some cases, fossil fuel feedstocks can be replaced with renewable resources like forestry residue, used cooking oils and more.
- Improved Recyclability**  
Design changes that follow the RecyClass and APR guidelines can deliver products that are more compatible with recycling systems.
- Reduced Carbon Footprint\***  
A product's carbon footprint can be lowered by reducing material usage and designing with circular plastics.
