

Communicating collections digitally

Expand your physical exhibition space digitally and make the hidden treasures of your collection visible.

Interface to **museumplus**

Simple integration into the existing collection management system

Digital collection exploration

Timelines, automatic suggestions, topic browser, 360° views, and much more.

Innovative mediation

Digital storytelling as a supplement to the physical exhibition

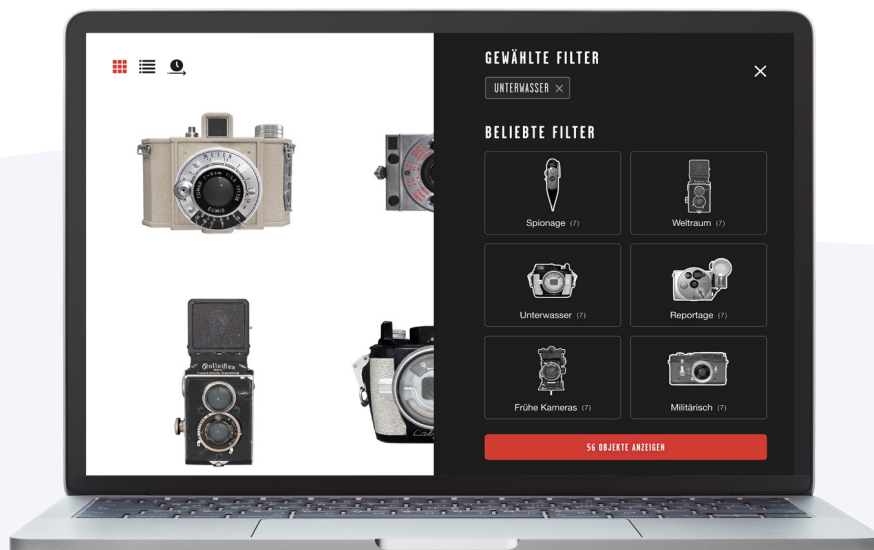

Tailor-made application

Basic or high-end customised: we will work with you to find the optimum solution

Be inspired!
